

November 14-17, 2006. The workshop for the Project “Global Education Network Program” took place in the Netherlands. GEN program: development program and network for global public leadership with the aim to generate recommendations for policy and public leadership on a national level, while contributing to solving issues on a global level. The Project is initiated by the Senior Civil Service of the Netherlands. The representatives from Brazil, Canada, Ireland, the Netherlands and Ukraine participated in the workshop. The Institute for Leadership, Innovations and Development coordinates the work of experts from Ukraine.
